REF. : Memorandum #355

dated 8 October 1957

25X1A9A

1.  finds the publications forwarded under referenced memorandum most useful and desires continued receipt of this type of material. In the past we have had access to these publications only on an ad hoc or intermittent basis.

2. Specifically, we have an urgent need for more current data especially for the East German Army. We have the Soviet Order of Battlehandbook GSFG and Installations List Soviet Zone, Germany, 1 January 1957, but only a 1 January 1956 edition of Order of Battle Handbook KVP (East German Army) and Change No. 1.

3. We would also like to secure the remaining four volumes of the report on Czechoslovakia, and the most recent reports on Hungary, Rumania, Bulgaria, Albania and Yugoslavia. Additional material issued periodically to up-date the reports would also be appreciated.
